Supela Bhilai 490023, Chhattisgarh

CAREER OBJECTIVES

To gain a dynamic and challenging role in Data Science Sector that will offer the best opportunity for further development of my abilities, skills and knowledge.

TECHNICAL SKILLS

- **Programming Languages:** Python
- Database: MySQL
- OS Platform: Linux, Windows

EDUCATION

- Post Graduate Diploma, 2022
 Big Data Analytics
 CDAC ACTS, Chennai
- Bachelor of Technology, 2016 2020
 Mechanical Engineering
 Bhilai Institute of Technology, Durg
- **Higher Secondary School**, **2016** INDU I.T. School, Kohka, Bhilai
- Senior Secondary School, 2014 INDU I.T. School, Kohka, Bhilai

PROJECT

Optimizing Agriculture Production [CDAC 2 Months]

Most agricultural fields are under developed due to the lack of deployment of ecosystem control technologies. To prevent this problem, Agricultural sectors have to predict the crop from given data set using machine learning techniques. The Proposed framework considers the information identifying with the yield of season, area, soil parameters and past year and recommends which are the best beneficial harvests that can be developed in the right natural condition

LANGUAGES KNOW

- English
- Hindi

HOBBIES

- Travelling
- Watching Formula 1.
